Academic Semester

Online Diversity Certification

Culture and diversity influence educational, social, psychological, and social experiences. This certification supports faculty, student service professionals, and instructional designers develop and apply specific skills in online teaching, learning, and course design. Educational professionals are able to approach the course design and teaching process with various skills that support and promote diversity, equity, and inclusion in online spaces.

**Diversity
Online**

Online Standards and Diversity Curriculum

Module 1:

- Establish baseline objectives for inclusive online practices.

Professional Certifications

Crisis Prevention and Intervention Certification

Working on the physical campus provides a certain level of comfort and safety. But what happens when faculty do not have that level of support in the online space? The crisis prevention and intervention certification provides administrators and faculty members working examples of policy that can help promote safety for faculty and students in online spaces.

Crisis
Prevention

Crisis Prevention and Diversity Curriculum
